Provisional Course Options

- Next year's timetable is based on the choices you make this term, so think very carefully before you complete this section of the form and consult your subject teachers and Achievement Co-ordinator first.
- You are not making a firm commitment at this stage and when you receive your results in August it will still be possible to alter your choices, but by that time the timetable will already have been constructed and so some combinations of subjects will no longer be possible.

Two Year Advanced Level Courses

Entry Requirements:

- ◆ At least 5 GCSE grades A*-C
- ◆ Grade B or higher in each of your AS/A2 level subjects (except Applied courses where at least 5 GCSE grades A*-C will be sufficient for entry)
