

Parents Forum Meeting Notes from the Consultation on RSE 26th May 2021

- Parents will be informed when sensitive issues were being delivered to assist with preparing pupils for the information
- Parents will be sent guidance on how topics are being taught eg: key terms that could be used so that they could support and use the same language to avoid mixed messages
- Single sex lessons were suggested to avoid embarrassment (and same sex teachers to deliver sessions)
- Pastoral care is in place to support pupils who may be affected by issues raised
- Parents will be informed of the outcomes of the school's review of RSE in a further Parents Forum meeting later in the academic year.
